No changes to the BMPS were made.
B. Attach the status of compliance with permit conditions, an assessment of the appropriateness of your identified best management practices and progress towards achieving the statutory goal of reducing the discharge of pollutants to the MEP, and your identified measurable goals for each of the minimum control measures.

Attach the status of compliance with permit conditions,
We are currently compliant with the permit conditions

an assessment of the appropriateness of your identified best management practices and
We feel that our identified best management practices are very appropriate in achieving our goals.

progress towards achieving the statutory goal of reducing the discharge of pollutants to the MEP,
We are progressing towards achieving the statutory goal of reducing the discharge of pollutants to the MEP through our BMPs

and your identified measurable goals for each of the minimum control measures.
Our measurable goals are our annual reports. We are meeting the requirements set forth in our original Notice of Intent. See the applicable year of the attached implementation schedule.
C. Attach results of information collected and analyzed, including monitoring data, if any during the reporting period.

Existing ordinances are being reviewed and drafts of various ordinances are being formulated in regards to Illicit Discharge, Storm Water Retention, Construction Site Runoff Control, and Post-Construction Site Runoff Control. No physical samples of water have been tested for quality.

The following functions were attended or produced by one or more of the representatives of our group.

- Distribution of newsletters from respective communities to the constituents regarding storm sewer regulations.
- Earth Day Celebrations
- River Sweep
- Various US EPA Stormwater Program's Webcast throughout the year.
- Various meetings with the majority of the NPDES communities in the area to share ideas and compliance efforts.
- Earth Day Festival @ Forest Park Nature Center
- Clean Water Celebration-Peoria Civic Center
- APWA Annual Conference at Peoria-Storm Water related presentations and booths regarding NPDES Phase II concepts.
- Township Officials of Illinois-presentation on Federal and State Requirements affecting Townships and other Local Agencies in Springfield, IL.
D. Attach a summary of the storm water activities you plan to undertake during the next reporting cycle (including an implementation schedule.)

See applicable year of the attached implementation schedule.
The following entities

| City of East Peoria          | Kickapoo Township          |
| Village of Morton           | Limestone Township         |
| City of Pekin               | Medina Township            |
| Village of Bartonville      | Peoria County              |

**Year 1**
- Perpetuate status of existing committee for future and continue of public education and outreach. The existing committee represents Municipalities, Townships, and Counties with varying characteristics.
- Communicate NPDES Phase II Storm Water Information and Efforts through various media types.
- Field data collection of storm sewer data by the regional planning commission.
- Conduct site plan review according to Erosion, Sediment, and Storm Water Control Ordinance.

**Year 2**
- Conduct budgeting for mapping efforts, explore services with a regional planning commission for services to complete GIS mapping.
- Conduct review of existing committee for future and continue of public education and outreach. The existing committee represents Municipalities, Townships, and Counties with varying characteristics.
- Communicate NPDES Phase II Storm Water Information and Efforts through various media types.
- Conduct interviews with municipal personnel and discuss success of implementation and effectiveness.
- Draft ordinance with penalties for review by municipal personnel and discuss implementation of ordinance.

**Year 3**
- Conduct review of existing committee for future and continue of public education and outreach. The existing committee represents Municipalities, Townships, and Counties with varying characteristics.
- Communicate NPDES Phase II Storm Water Information and Efforts through various media types.
- Field data collection of storm sewer data by the regional planning commission.
- Conduct interviews with municipal personnel and discuss success of implementation and enforcement.
- Make ordinance available for public review.

**Year 4**
- Conduct review of existing committee for future and continue of public education and outreach. The existing committee represents Municipalities, Townships, and Counties with varying characteristics.
- Conduct interviews with municipal personnel and discuss success of implementation and enforcement.
- Implement and enforce ordinance.
- List both complaint and non-compliant locations.

**Year 5**
- Conduct review of existing committee for future and continue of public education and outreach. The existing committee represents Municipalities, Townships, and Counties with varying characteristics.
- Conduct interviews with municipal personnel and discuss success of implementation and enforcement.
- Implement and enforce ordinance.
- List both complaint and non-compliant locations.

**Measurable Goal(s), including frequency: Annual report on status**
- Outline map of streets sweeping schedule. Update as necessary with newly acquired roadways.
- Maintain 99% compliance on annual maintenance of equipment.
- Identify problem areas and increase sweeping frequency as necessary.
- Evaluate annual applicable training seminars as offered as necessary.
- Evaluate effectiveness of location.
- Determine for correcting non-compliant locations (perhaps ordinance and penalties).
